updates

WIFI
Extender

NTRIP
Corrections

- Three units
- Highly flexible
- Swappable
- Independent

- The CAT Extender
- Small unit
- Connects to pilot plug
- Powerful Wi-Fi coverage

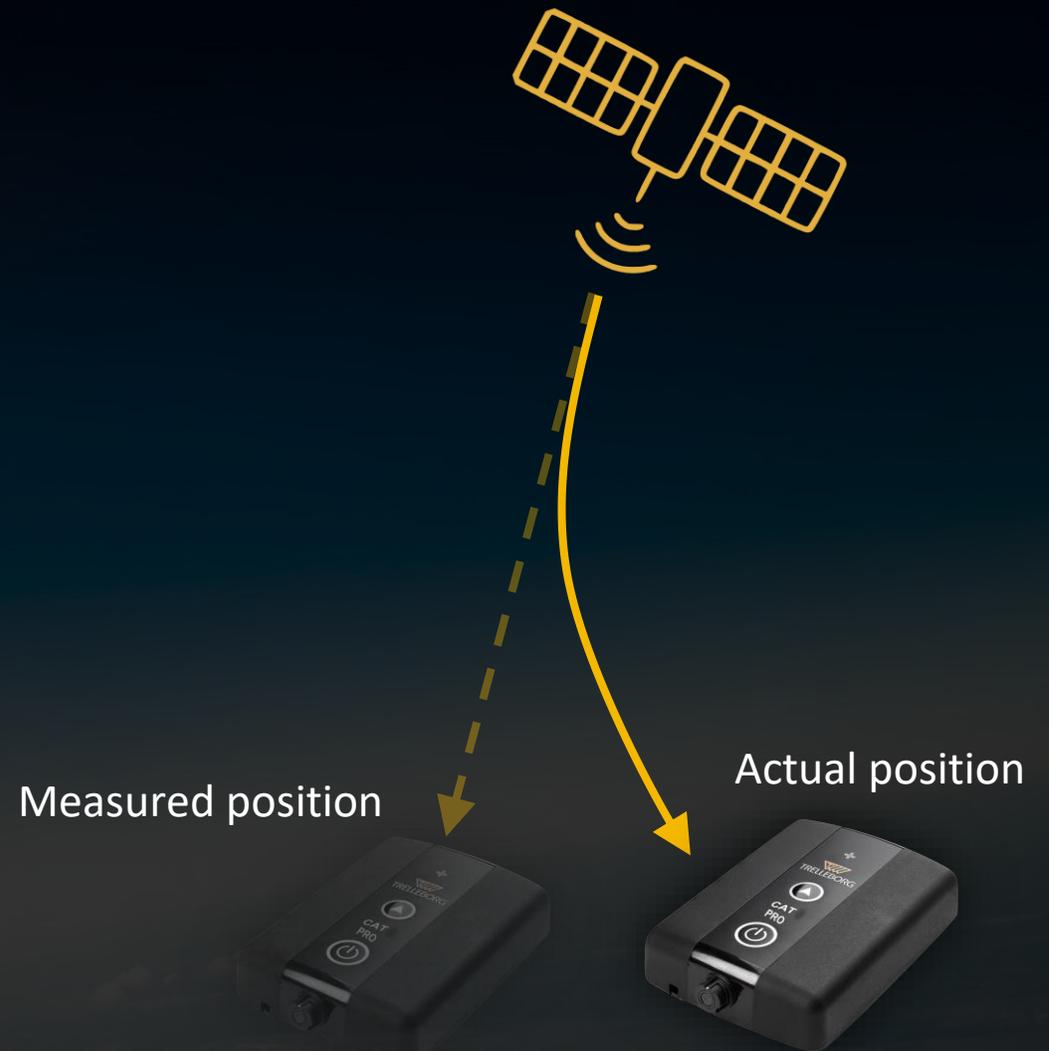

- Firmware update from SafePilot
- Just press the button
- No files
- No cables

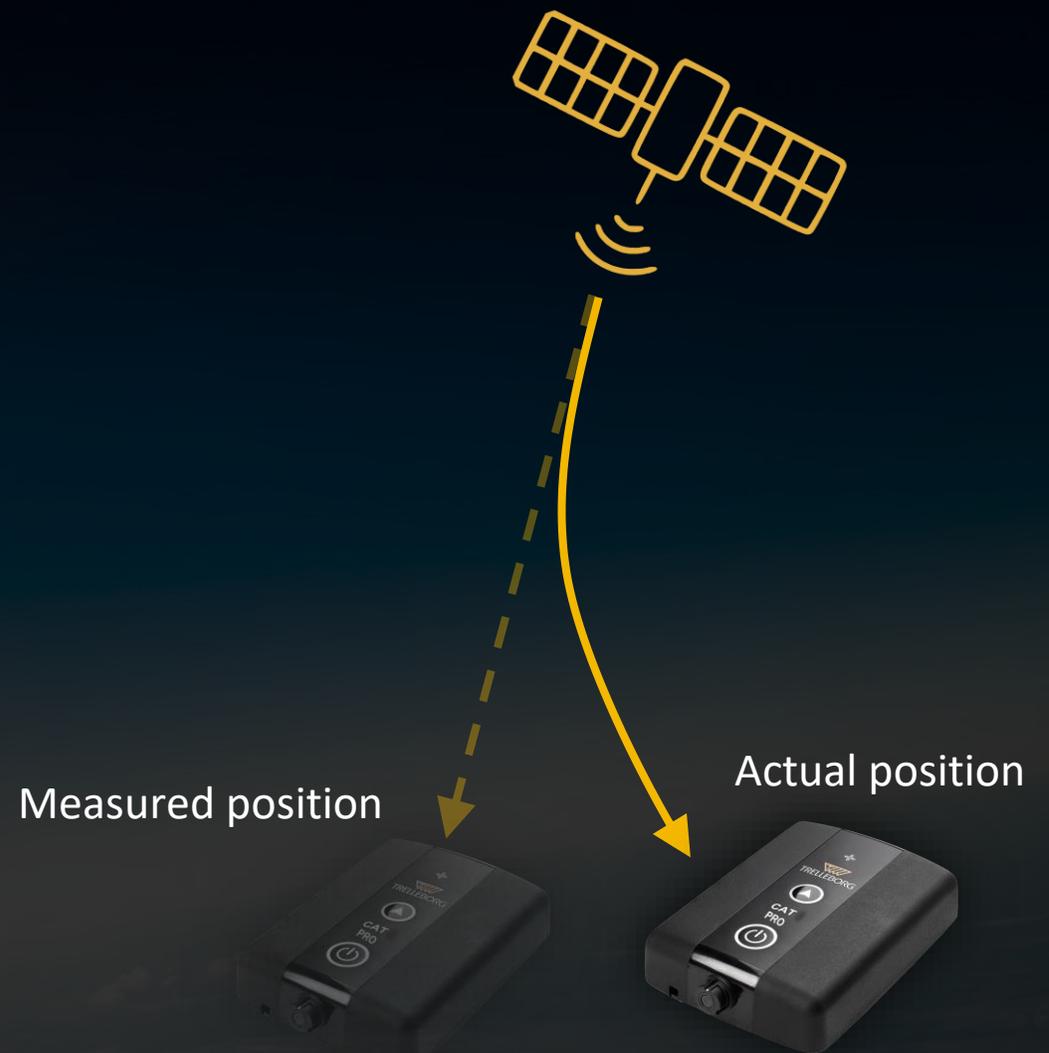

- RTK corrections
- Centimetre accuracy
- NTRIP services
- Internet based

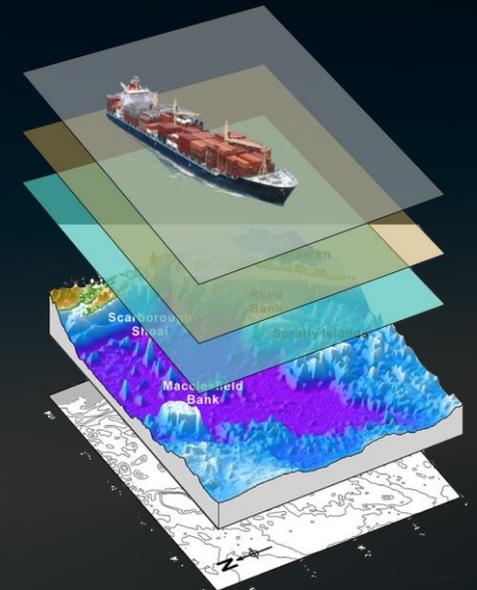

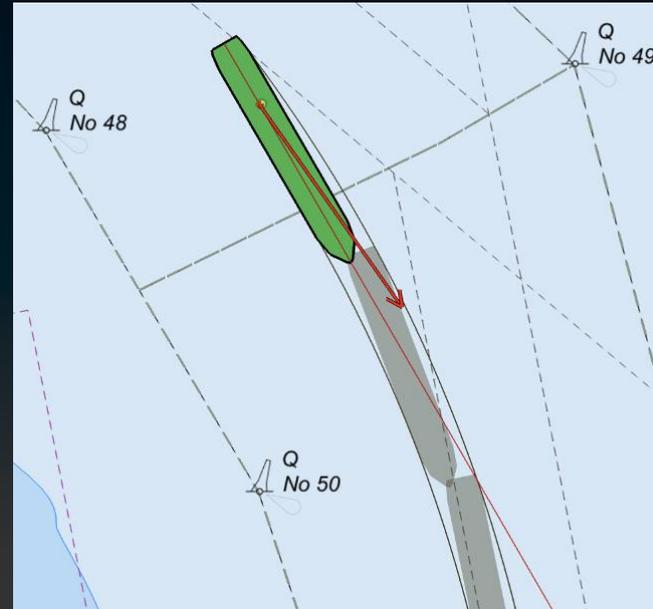

- Deflection through the atmosphere
- Measured position is offset from actual position
- Corrections improve accuracy

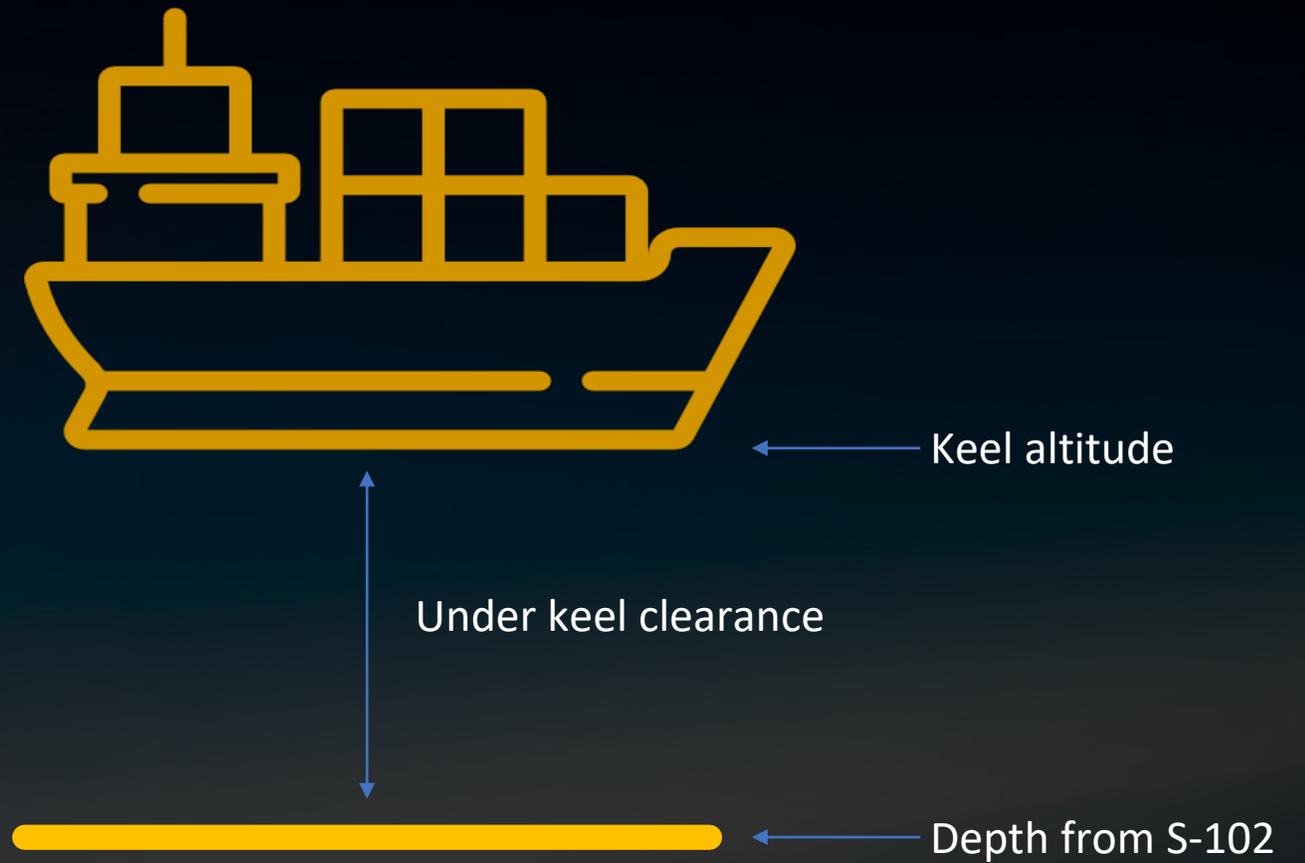

- SBAS corrections via satellites
- RTK corrections via UHF or Internet based

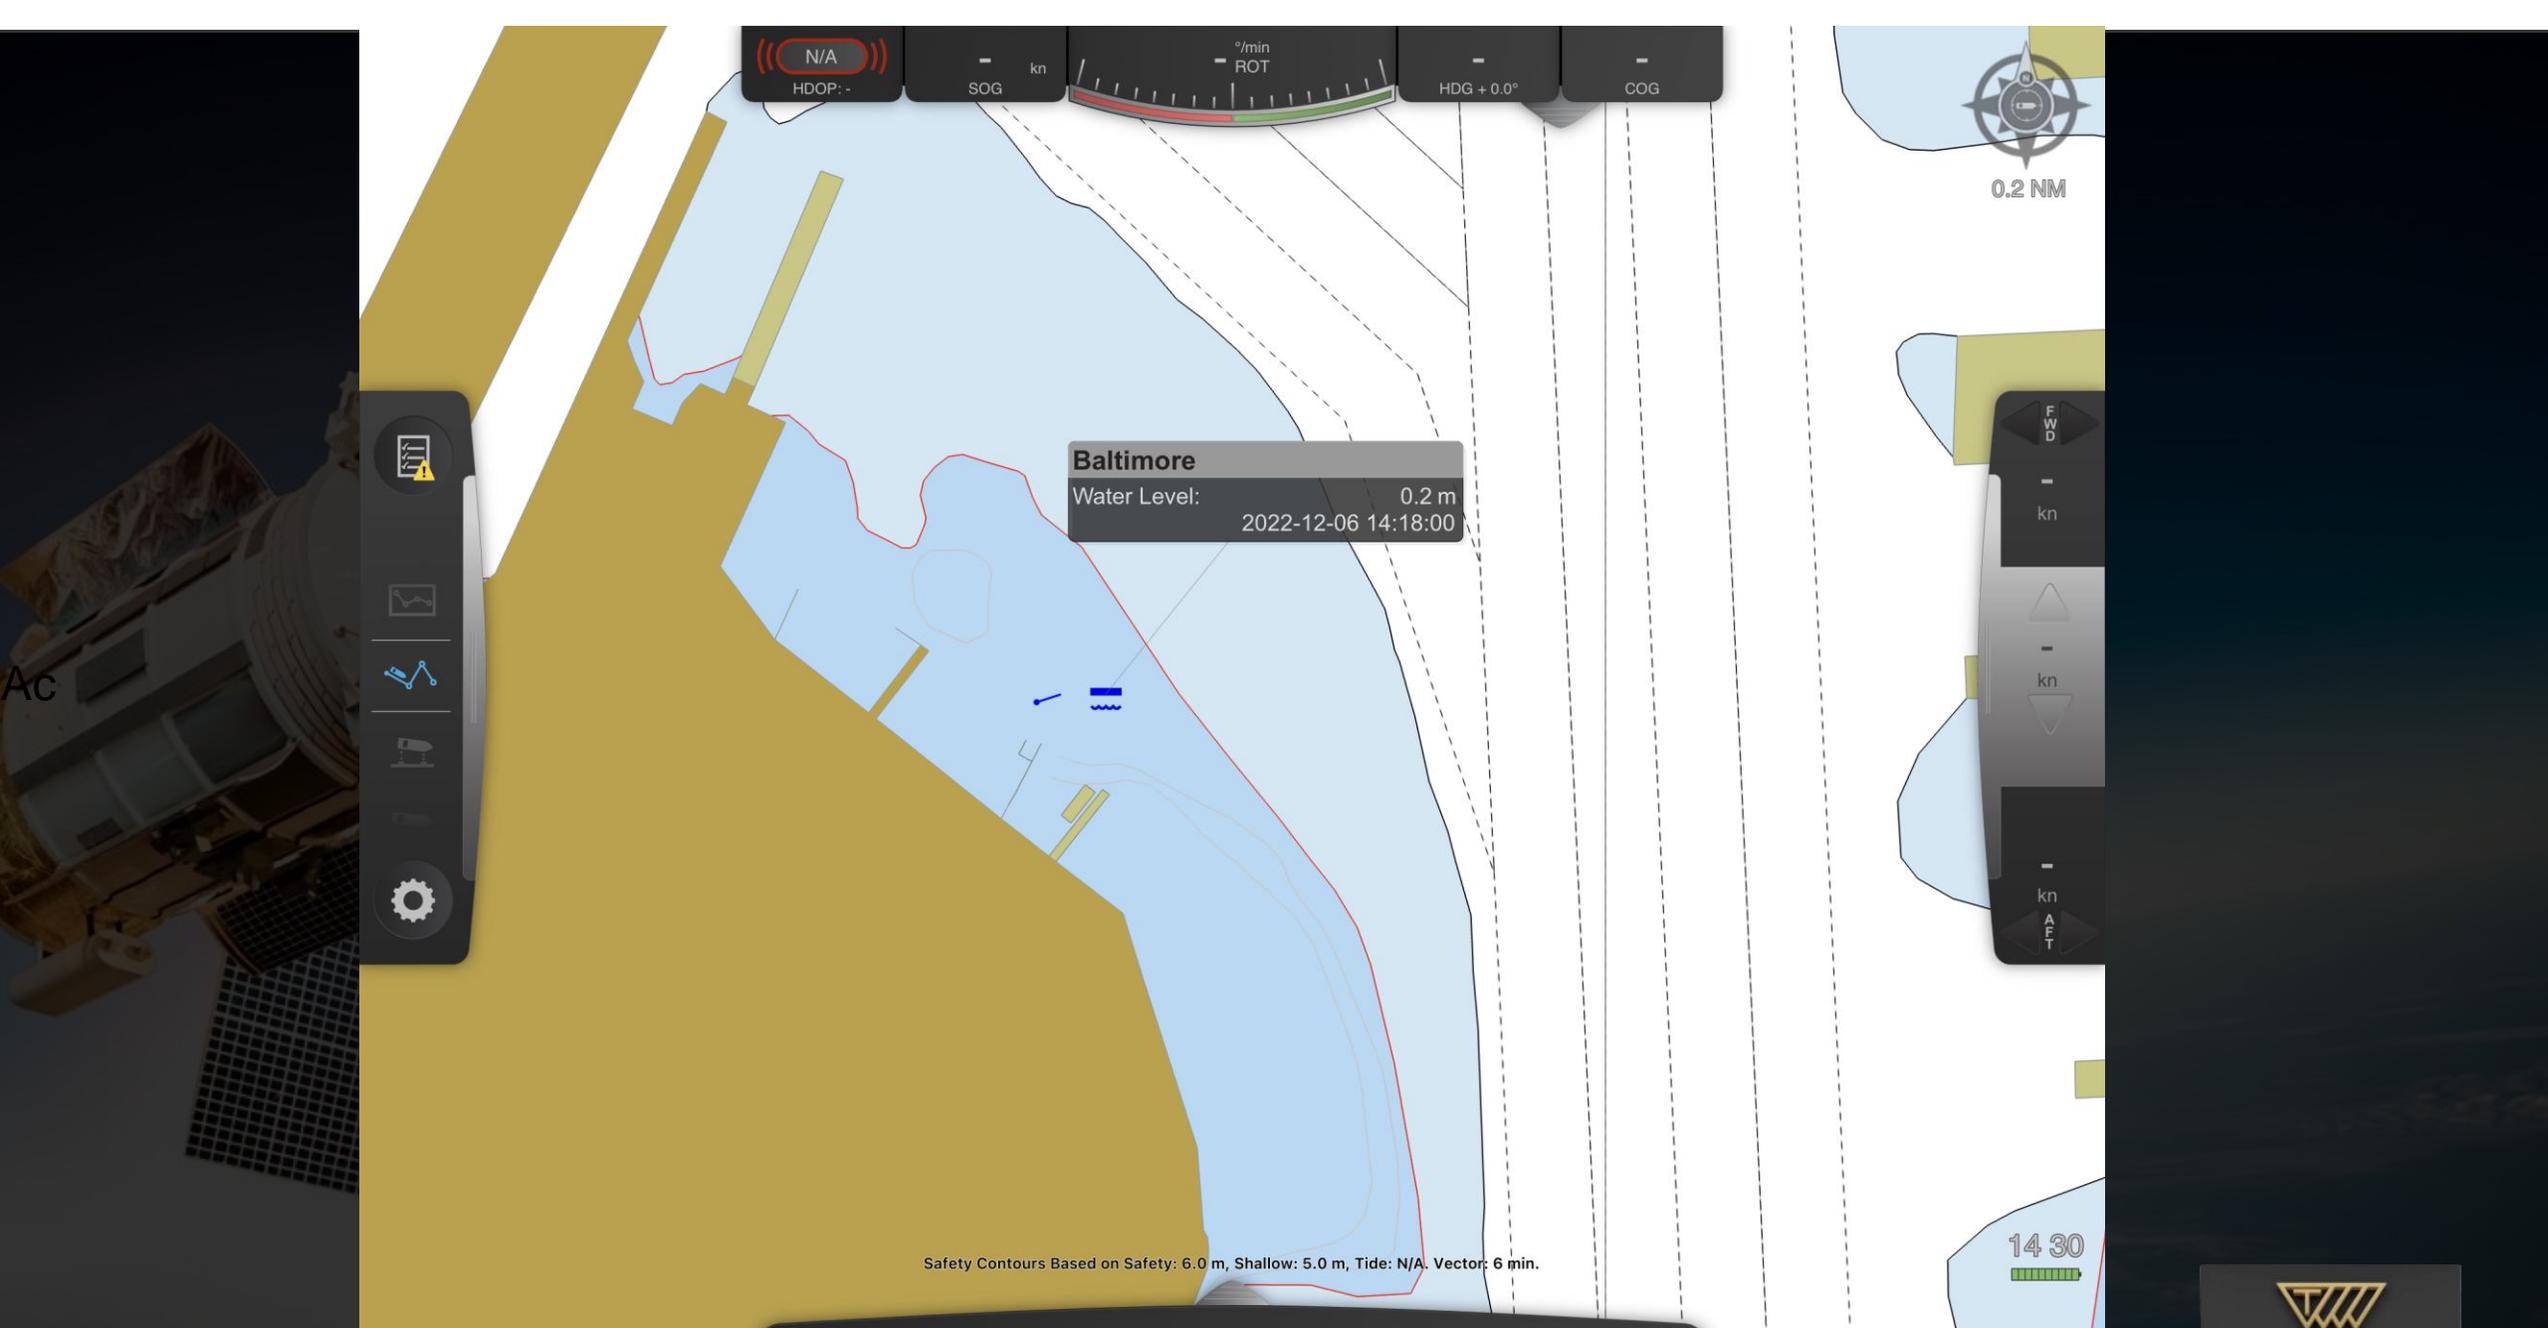

- Why do we need RTK?
 - Horizontal accuracy
- vs
- Vertical accuracy

- S-102 bathymetric data
- Keel altitude
- Under keel clearance
is difference between the two

Ac

SafePilot Cloud

- Trelleborg SafeTug solution
- High accuracy
- Frequent updates
- Shared situational awareness

- Trelleborg SafeCrane solution
- Crane locations
- Status of e.g. crane arm
- Increased safety
